Mecklenburg County Sheriff's Office Selects VitalCore Health Strategies to Continue Patient Health Care Services to Residents

(CHARLOTTE, NC) – Recently, Sheriff Garry L. McFadden requested proposals from medical and mental health companies for the provision of comprehensive patient health care services for residents of the Mecklenburg County Detention Center-Central (MCDCC). Today Sheriff McFadden is pleased to announce that VitalCore Health Strategies was selected to continue to provide medical and mental health services to the residents. They were selected from six companies that submitted proposals. The effective date of the new agreement will be May 19, 2024.

VitalCore Health Strategies corporate headquarters is in Topeka, Kansas. VitalCore Health Strategies has much experience in providing health care services in correctional facilities throughout the nation, including large adult detention facilities similar in size to MCDCC.

Sheriff Garry McFadden: *"We are excited to embark on this relationship with VitalCore Health Strategies. This collaboration is a shared partnership. VitalCore's CEO, Viola Riggin shares our passion for changing the culture and philosophy within our detention center."*
